Refinishing

Patio furniture restoration can include new slings or straps, frame repair, surface preparation, and refinishing. The work needed depends on each piece and its condition. Send Living Waters photos of your furniture for an assessment and estimate.

1. Assess frame condition and seating materials.
2. Discuss repair options and select fabrics or vinyl colors.
3. Repair the frame and prepare the surface as needed.
4. Refinish the frame and install replacement seating.
5. Inspect the completed furniture.

Before

Living Waters repairs worn outdoor furniture, including sling, strap, and frame restoration. Send photos for an assessment of available repair options.

The photographs below illustrate the difference a furniture restoration can make. Results and repair steps depend on the condition of each piece.
